***Hako***

## ***Scrubmaster B3***

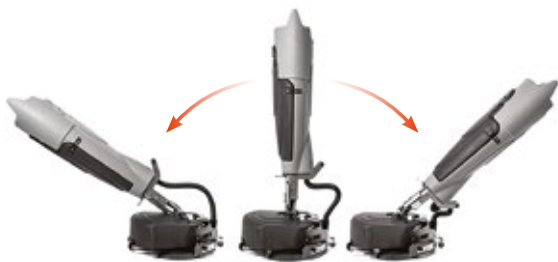

***Flexible walk-behind scrubber-drier***

*For use on smaller areas.*

**Compact design**

The compact design provides high flexibility and a good view of the area you are cleaning, even when working in narrow and cramped areas.

**Scrubmaster B3**

A practical, easy-to-transport scrubber-drier designed to efficiently clean small and hard-to-reach areas. Its light-weight design and collapsible tie bar save storage space and make the machine easy to transport, it even fits into the boot of your car.

The B3 offers 3 litres of solution tank capacity and a cleaning performance of 100 sqm thanks to its “eco” function. Easy-to-read symbols enable intuitive operation by the user. A removable cover allows easy access and cleaning of the recovery tank.
